

## Shell Scotford Update

Life in the Heartland

Nov. 3, 2020

**Conal MacMillan**

External Relations Manager, Shell Scotford

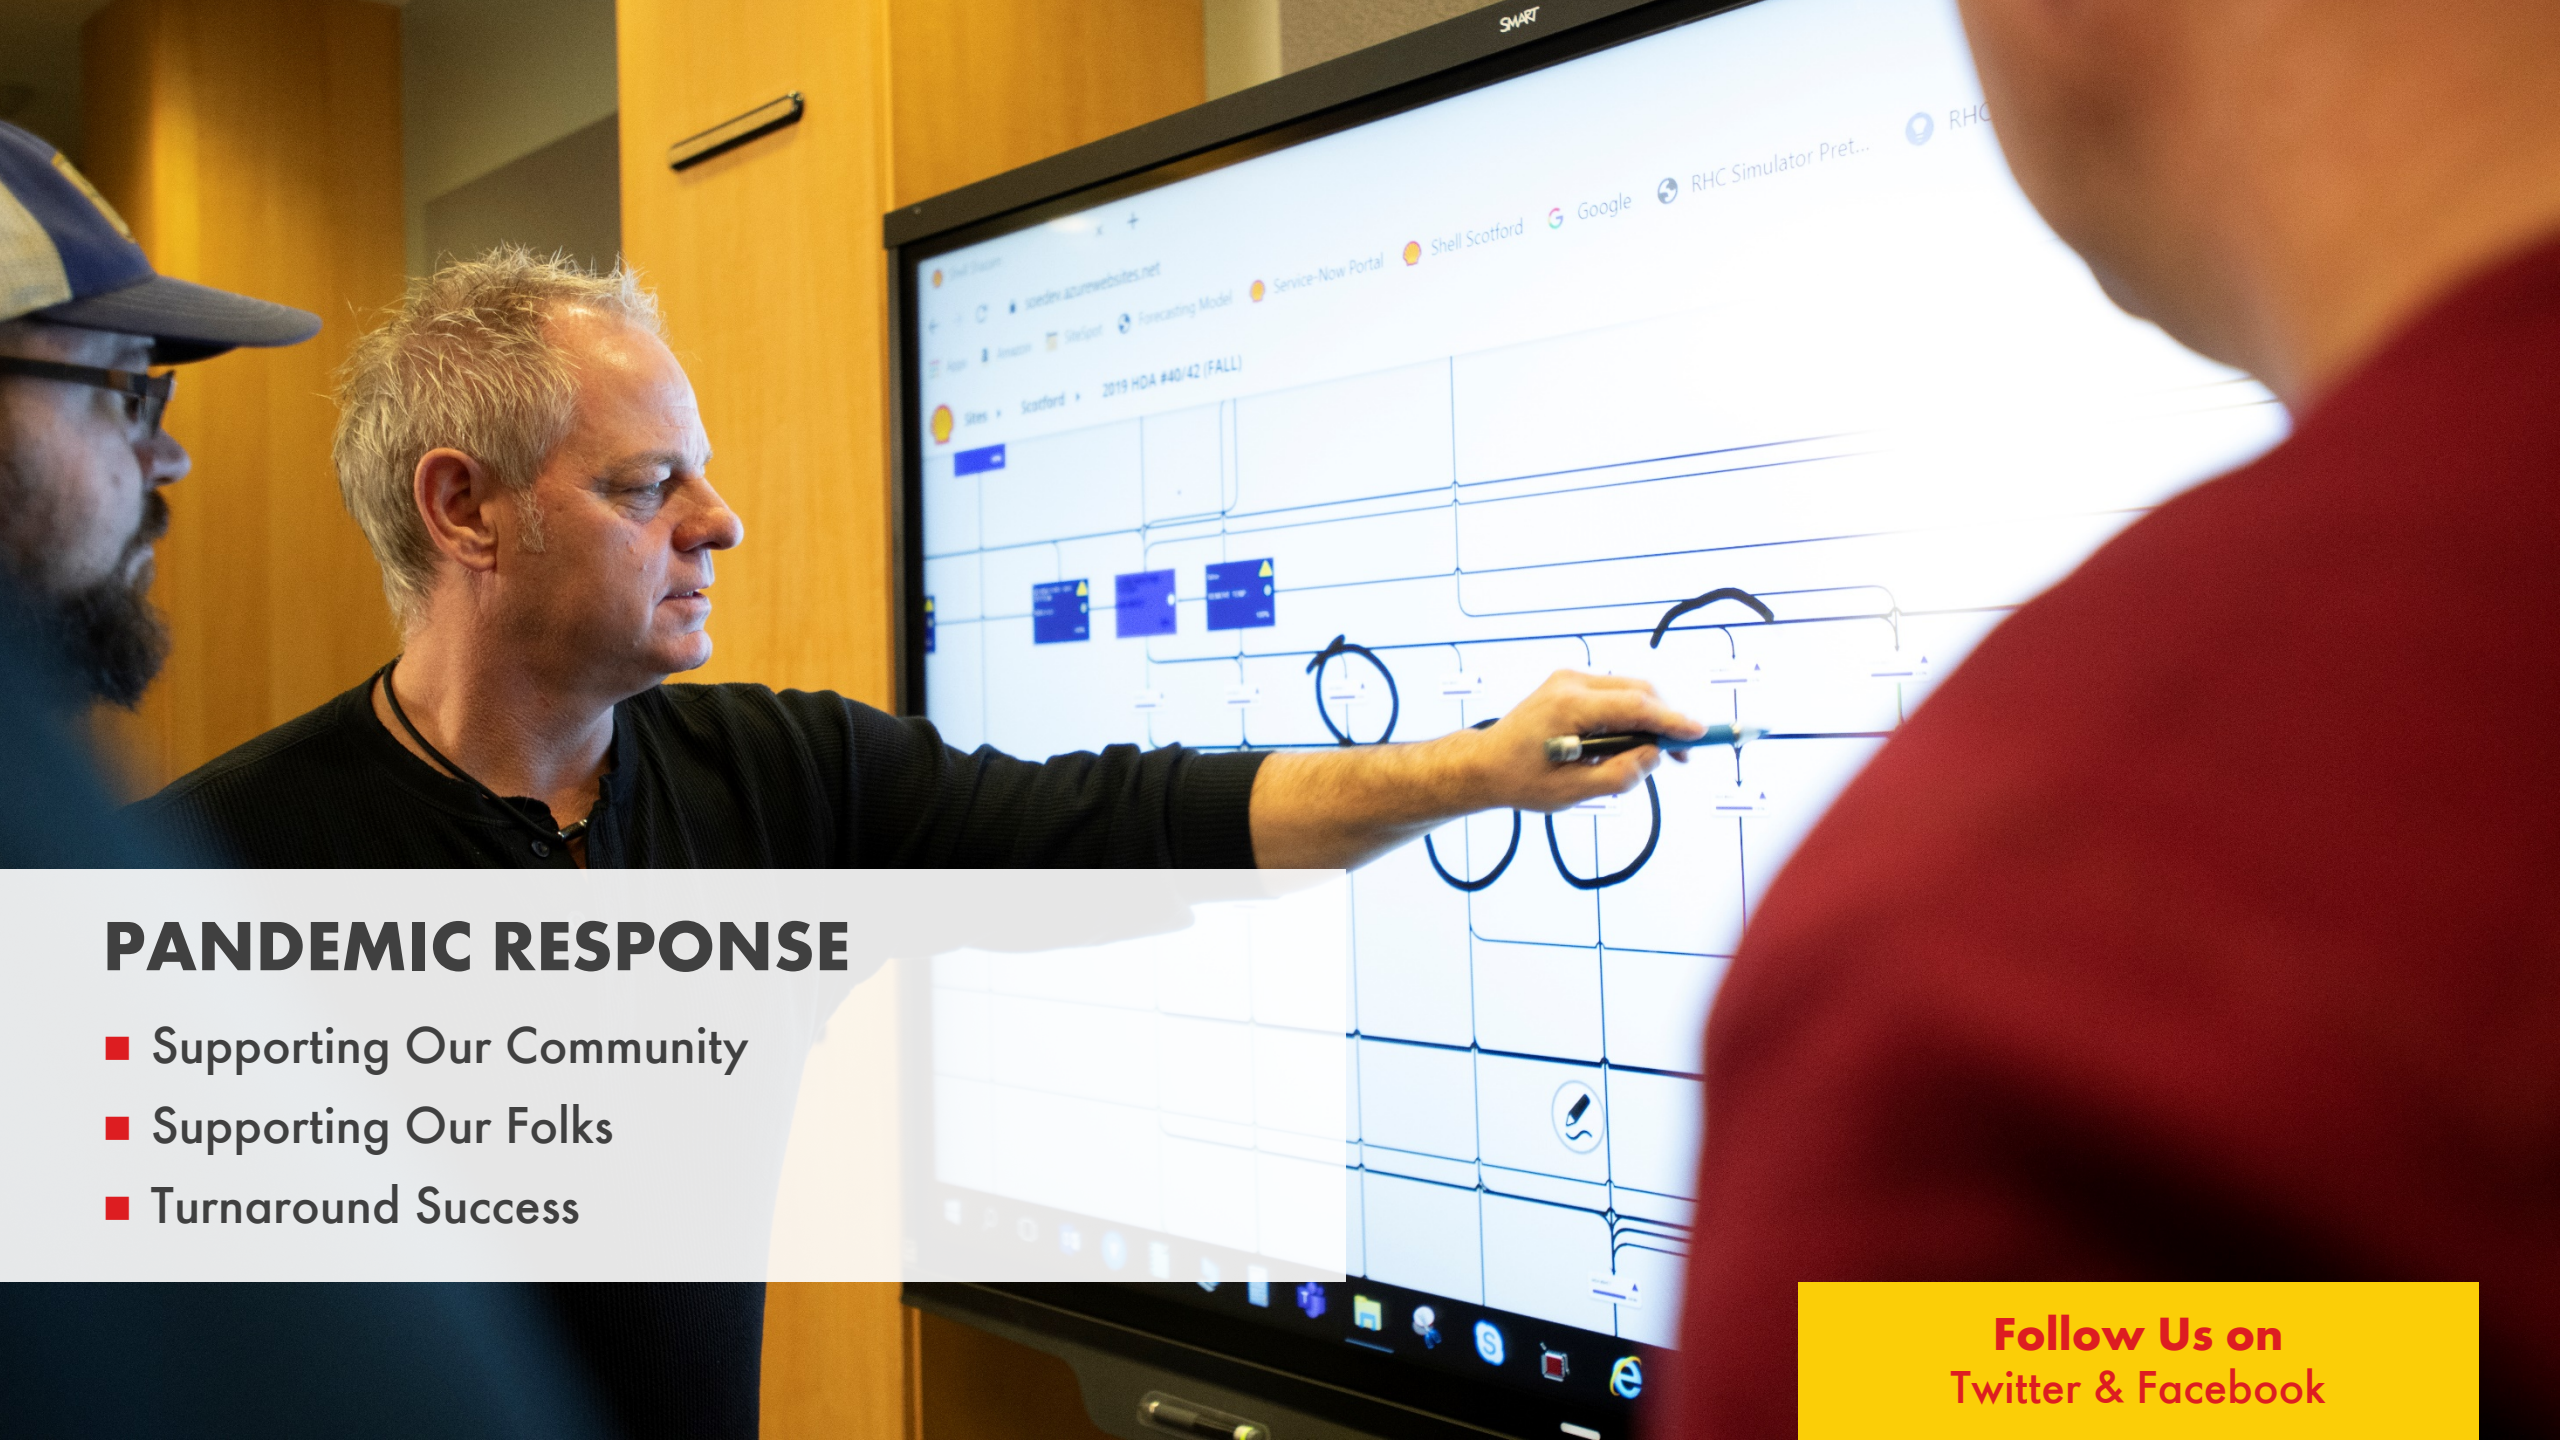

A man and a woman, both wearing yellow hard hats with various logos and safety glasses, are standing on a metal walkway at an industrial site at night. The man is on the left, looking towards the woman on the right, who is holding a tablet. They are both wearing blue work clothes with reflective yellow stripes. In the background, a large, brightly lit industrial complex with numerous pipes, tanks, and structures is visible against a dark sky with some smoke or steam rising from the facility.
