Community and Education Grants

DOW 2015 COMMUNITY GRANTS PROGRAM

Since 2001, Dow's Community Grants program has been making a lasting impact by supporting local initiatives and projects that enhance the quality of life for our area residents.

Keeping in touch with the needs of our community is important to us. This is why for 2015, we are making changes to our program to better support community development through our Community Grants for the non-profit sector and to build our workforce of tomorrow by offering Education Grants to our area schools.

Visit www.dowcanada.com to read our criteria and FAQs and to apply for a grant up to \$2500.00 for your organization or school.

The submission deadline is June 1, 2015.
